

JAN TÓTH

Ph.D. student and researcher

Dept. of Computer Science

tothjan2@fel.cvut.cz

- 
- I am a Ph.D. student of the *Computer Science* program since 2021.
  - I conduct research in the are of *Statistical Relational Learning*.
  - Apart from academic research, I also teach *B(E)4M36SMU – Symbolic Machine Learning* course.
  - Research and teaching should be supported equally.
  - Theory, although important, should not eclipse applicability.
  - Academic Senate should be a known, respected entity attractive to students and researchers alike.

If elected, I will try to participate in all senate meetings.

---

I consent to my candidacy to the Academic Senate of FEE, CTU. *Se svou kandidaturou do AS FEL souhlasím.*  
In Prague on Wed 23<sup>rd</sup> Feb, 2022.
